Experts of different fields will be attendant and discuss current problems under the slogan "Trust and Transparency in IT Security". Therefore EICAR is calling for papers. The possible topics are variegated. There is no word limit but a length between 3500 and 5500 words is anticipated. All accepted papers will be published on the conference CD and the EICAR Conference Proceedings (print-version). The best papers will also be published in a special issue of the “Journal in Computer Virology”. The very best paper will be awarded by the EICAR committee. Deadline for reviewed papers is the 13th July and for non-reviewed papers the 31st July.
