Research Alumnis are appointed by LUH

Upon the recommendtion of the L3S the presiding commitee of Leibniz Universitä Hannover has appointed three Leibniz Research Alumnus of the L3S

Prof. Dr. Xuan Zhou, Associate Professor, Renmin University of China

Dr. Odysseas Papapetrou, Research Collaborator, Technical University of Crete, Department of Electronic & Computer Engineering

Dr. Ekaterini Ioannou, Research Collaborator, Technical University of Crete, Department of Electronic & Computer Engineering.

We are very pleased that they will now become a part of the international Leibniz Research Alumni Network and engage as an ambassador for the Leibniz University at their current research institution.

As an appointed Leibniz Research Alumnus they are entitled to apply for mobility grants to either send or receive junior researchers of your group or of a corresponding group at one of the Leibniz.
