Apply now for the Business Startup Summer School

From 7 - 11 September 2015 L3S offers a Business Startup Summer School for graduates, postgraduates and postdocs taking. Participants will get an insight into different areas, questions and issues related to starting and planning a business! They will discuss ideas and innovations, use creative techniques like Design Thinking and create business models with the Business Model Canvas. In a mixture of theory and exercises the participants will have the chance to develop their own business model.
